

PEERLESS

Powerspray™ Stubborn remnants have met their match.

Powerspray enabled faucets feature two traditional flow modes (full flow and spray) plus all-new Powerspray mode. Use it when you need an extra kick to blast away leftover gunk.

LEARN MORE

Powerspray produces an incredible blast of water, but it's still highly efficient. That's because its cleansing power comes from water pressure—not water volume. That means it's effective and environmentally friendly.
