

## Delta® RP1740MBS Mini Bulk Price Correction

**Date Posted:** 2019-08-07

It has come to our attention that there is a price discrepancy on one of our mini bulk parts. The mini bulk 2-handle stem assembly RP1740MBS is currently priced at \$7.53, and the correct price is \$11.92. Therefore, we will be implementing a price correction to fix this error in the price continuum.

As you are aware, this repair part is currently available in 3 versions. The RP1740 version can be purchased in single quantities and is packaged in a clamshell with graphics to be easily merchandised for customers. The RP1740MBS mini bulk series is sold in multiples of 60 without a clamshell, which provides our customers a volume discount.

The correct list price for RP1740MBS of \$11.92 will become effective August 5, 2019 to align with the pricing strategy below.

Model	List	MOQ
RP1740	15.40	1
rp1740MBS	11.92	60
