I-Series Boiler Warranty Extended!

Effective 8/27/2019, the warranty period of coverage for I-Series Boiler parts and components will change from a 2-year to 5-year term. This change retroactively applies to all I-Series Boilers already purchased. All other warranty terms and conditions stated in the "I-Series Boiler Installation and

Operation Manual" will apply.

For complete warranty information, please see the "I-Series Boiler Installation and Operation Manual" or visit our website at rinnai.us/warranty.
