

# NEWPORT BRASS®

Flawless Beauty. From Faucet to Finish.™

Three new single-function handshower sets are joining the Newport Brass family. Each hand shower is equipped with easy-to-clean spray nozzles that deliver precise and consistent water distribution and uniform coverage. The squared model is ideal for cutting-edge spaces for a clean, architectural aesthetic. If a more organic shape is desired, one of the round profile models can work perfectly in the bath. Upgrade the bathroom with style while being environmentally responsible – all three models are WaterSense® compliant and with a choice of 27 beautiful finishes.
