VOICEIQ™ TECHNOLOGY

Paired with connected home devices, Delta® VoiceIQ Technology uses hands-free voice activation to offer completely hands-free control.

- Pairs with Amazon® Alexa- and Google Assistant-enabled devices.
- Metered dispensing in ounces, cups, pints, quarts, gallons, liters and milliliters.
- Custom container commands allow you to set custom dispensing amounts, e.g. "Ask Delta to fill dog bowl!"
- Can be retrofitted to any Delta Touch2O® Faucet manufactured after 1/1/2018 using an EP100855 VoiceIQ Module.
- No mobile application download required; simple setup available at device.deltafaucet.com.

Visit deltafaucet.com/voiceiq for additional information.

Upscale. Striking. Impactful.

The Delta Emerge Shower Column transforms shower spaces without plumbing through the ceiling and works with any Delta shower head for a fully customizable experience. The shower column is designed for single or shared operation with a shower head and hand shower.

Available in angular modern and round contemporary styles, it serves to replace existing shower arms, eliminating the need for additional valve modification behind the wall.

PRODUCT FEATURES

- Designed for use with shower head and hand shower
- 3-way diverter allows for single or shared operation of the shower head and hand shower
- Adjustable hand shower mount allows the user to move the hand shower up and down the shower column
- Can be customized with any Delta® brand shower head and hand shower
- Angular modern and round contemporary styles available
- Available in Chrome and Brilliance® Stainless finishes
